HOMEGROWN HOTELS

“I have worked with JB Maintenance Ltd for a number years ever since they began to do work for us at the Pig Hotels after being very highly recommended to us by another local business.

Not only is their workmanship of a very high standard and their degree of professionalism almost without fault, it is always a pleasure to see them when they come to do any work for us.

They have done work for us over a number of our Hotel refurbishments and will always make special arrangements to help us out when we require urgent remedial works at very short notice if at all possible. I would have no hesitation in warmly recommending JB Maintenance Ltd to anyone considering using them.”
